

# Dauphin/Züco

Precision and aesthetic intuition meet craftsmanship and Swiss quality consciousness: the company Züco has been producing handmade chairs for almost 100 years. For this seating manufacturer, design means creating timelessly elegant products that offer a high level of comfort for the user, making this tangible through the use of the highest-quality materials. In addition to a unique aesthetic, the products are characterised by a high level of seating comfort in accordance with the latest findings in ergonomics.
