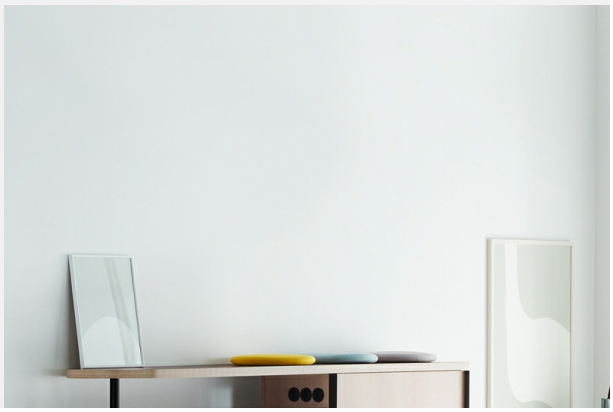
ophelis deem



ophelis deem is a range of work furniture that supports agile and creative collaboration. The complementary pieces of this ensemble include a podium, mobile presentation boards, movable tables and benches, as well as a multi-functional room divider system.

ophelis deem was designed in 2018 by Till Grosch Berlin in cooperation with ophelis.

Agile and creative project work requires short pathways and continuous, intense development within teams. Agile teams communicate on the same level and not hierarchically. Work and dialogue does not take place in typical meeting rooms; instead, even the furnishings encourage speakers and listeners to change their roles often and spontaneously. Agile teams take their work environment into their own hands and organise it according to their work requirements.

Product features

Comprehensive product family for mobile and agile work

- **Tables** on castors with desktop connection panel for convenient access to data and power
- **Standing tables** on castors with desktop connection panel for convenient access to power, as well as a self-retractable cable reel
- Standing and sitting tables are optionally equipped with centrally braked castors
- Oval table shape
- **deem benches** in 3 different sizes with castors on one side, easy to move
- **deem memo** is a mobile presentation surface. Usable as a whiteboard, projection screen or magnetic pin board.
- **deem memo wall** – presentation space for wall mounting that provides a central meeting place for agile teams
- **deem meta** is a structuring, space-forming piece of furniture. The system is acoustically effective, serving as a presentation surface and room divider. Shelves, seating and planting bowls are combined as needed. Integrated magnetic and writable whiteboard.
- **deem arena** features seating options and stand up meeting, work surface and storage space in the form of electric hybrid furniture as a central point for exchange and presentations. Each module accommodates 9 people. The electric modules can be equipped with power and USB charging outlets.
