

CL2 Series Sitting/standing table with back partition

Product features

- Ergonomic work table due to electromotive height adjustment from 650 – 1250 mm
- Available in different widths from 1200 to 2000 mm and in three depths 800, 900, 1000 mm
- With back partition for screening and organization
- Convenient cable management thanks to vertical and horizontal cable channel and cable outlets
- C-Legs, square tube, high stability
- Design as T-base for a table depth of 1000 mm
- Optionally with memory control
- Optionally with CPU holder

Electrification

Electrification options

- Sliding table top with brush seal on the rear edge of the desk
- Sliding table top function provides convenient access to the cable channel
- Fixed table top with hinged cable channel
- Smart cable management due to flexible cable chain or cable stocking to guide the cables up to standing height as well as steel cable tray for invisible cable routing on the table leg; handling: easily removable without tools through clip fastening
- Netbase: For direct, convenient access to power and data sockets with brush for dust seal and fixing the cables (only with fixed table top)
- Netbox: Sockets are accessible to the user directly at the table – can be individually equipped with power and data sockets
- Cable outlets: Round or square to match the shape of table base (only with fixed table top), can also be attached to the rear edge of the table (sliding top and fixed table top)
