

CL2 Series Sitting/standing table with sliding table top

Product features

- Ergonomic work table thanks to electromotive height adjustment and comfortable access to electrification thanks to sliding top
- Optional C-foot or T-foot with slight curvature, high stability
- Foot shape square tube
- For individual adaptation to requirements available in different widths (1200 to 2000 mm) and three depths (800, 900, 1000 mm)
- Large lifting range: from 650 to 1,280 mm
- Lifting speed 50 mm/sec
- Quiet operation: Noise level during operation < 42 dB
- The start-up behavior of the tables is very quiet and even
- Convenient cable management thanks to vertical and horizontal cable duct, cable outlets and CPU holder
- With premium collision protection
- Optional equipment Memory control

Electrification

Electrification options

- Sliding table top function provides convenient access to the cable channel
- Fixed table top with hinged cable channel
- Smart cable management due to flexible cable chain or cable stocking to guide the cables up to standing height as well as steel cable tray for invisible cable routing on the table leg; handling: easily

removable without tools through clip fastening

- Netbase: For direct, convenient access to power and data sockets with brush for dust seal and fixing the cables (only with fixed table top)
- Netbox: Sockets are accessible to the user directly at the table – can be individually equipped with power and data sockets
- Cable outlets: Round or square to match the shape of table base (only with fixed table top), can also be attached to the rear edge of the table (sliding top and fixed table top)
