

Meubles d'appoint de la ligne S

Armoire à portes coulissantes

Caractéristiques du produit

- L'armoire à façades coulissantes de la ligne S se combine avec les autres modules (hauteurs et profondeurs unifiées)
- Configurable acoustiquement : paroi acoustique avant et paroi acoustique arrière recouverte de tissu
- Utilisable des deux côtés ou d'un seul côté
- Au choix avec piétement ou socle en acier
- Au choix avec poignée ou poignée barre
- La poignée barre offre une ouverture complète à 100%
- En option, un socle pour une électrification confortable est disponible
- En série : faces arrières décoratives sont de 16 mm d'épaisseur
- Ajout d'une paroi centrale à partir d'une largeur de 1200 mm

Dimensions

Pour utilisation des deux côtés
